### DETAILED ACTION

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claim1-21, drawn to \*phosphor screens\*\*, classified in class \*430\*\*, subclass \*139\*\*.
- II. Claim22-25\*\*\*, drawn to films\*\*\*, classified in class \*428\*\*, subclass \*314.4\*\*.

The inventions are distinct from each other because the films of group II need not be screen supports but may be used as packaging material.

....Because these inventions are distinct for the reasons above and have acquired a separate status in the art as shown by different classifications restriction for examination purposes is proper.

During a telephone conversation with Mr. Tucker on 9-20-04 a provisional election with traverse of group I , claims 1-21, was made. Affirmation of this election must be made by applicant in responding to this office action. Claims 22-25 are withdrawn from consideration under 37 CFR 1.142(b).**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Tucker on 9-22-04 .
